

2017 Army JROTC 8th Brigade Academic Challenge

Who:

Each JROTC unit in the 8th Brigade will sponsor two teams of four cadets
-- a team from LET I students (four cadets) and a team from LET II-IV students (four cadets).

When:

The competition will be held **December 1, 2017 – December 15, 2017**. Your team may compete anytime during those dates --- it only takes an hour to compete in this fast-paced, online test of cadet knowledge and team skills.

How:

Register to participate by logging onto our competition website (www.cofcontests.com) **Nov. 27 – Dec. 15, 2017**. During registration, your team will provide basic information (address, LET I or II-IV team, instructor contact, and names of cadets on the team) and then test your internet connection/computer settings. Then, when teams are ready to compete, they will simply need to log onto the competition website (www.cofcontests.com) and enter a password.

What:

- The LET I test will contain 50 questions on your JROTC curriculum, current events and college entrance material.
- The LET II-IV test will contain 50 questions on college entrance material and current events.
- Each question will have a time limit, so your team will have to think fast and react quickly.

Rules:

- Teams should only access the competition one time; teams who access the competition more than once will not be eligible to place in the competition.
- If your unit desires to have multiple LET I or LET II-IV teams take the test; the first team from each level to record a score will be the one used to compete against other schools.
