<u>JLAB Team Member Names:</u> Alam, Tasfia; Bushra, Rokshana; Do, Yejin; Zaman, Alisha		<u>Name of SAI/AI:</u> COL (R) Andrew R. Flynn

JROTC Unit Best Practice (one per form only):

Orienteering Competition

Discussion (The who, what, when, where and how of the Best Practice, e.g., components of the function, organization (staff responsibilities, command and control), resources needed (money, people, supplies, transportation, and equipment) timeline from planning to completion, etc.):

12 cadets from our battalion competed in the LAUSD JROTC Orienteering competition. The Alpha team placed first and the Bravo team placed second in the district. One cadet by the name of Armando Zermeno, placed first overall in the map reading test portion of the competition. This has taken place at Ernest E. Debs Park on 19/03/09 from 0745-1500.

Practices and try outs were student led, and the team captains have been providing a specific training schedule in preparation of the competition. These afterschool and weekend practices were organized two months prior to the event.

We all do some things better than others. Likewise, some JROTC units are better at some things than other JROTC units. We call those Best Practices. We think that the “best” best practices come from the best units. If your unit’s day-to-day performance is a reflection of your accomplishments on JLAB Level I and Level II, and we think that it is, then we believe your unit to be among the best. We want you to tell us about your best practice(s). Complete and submit this form on one or more of your unit’s best practices. Use a separate form for each Best Practice. Be detailed in your report so that the other 3,400+ JROTC units in the country with whom we will share it can read and execute it without questions! This report form is designed to expand as you type. It should accommodate your report without attachments. Should that not be the case, submit your report(s) in a format that works for you. Please name your file with your school name.

Below is a non-all-inclusive list of possible unit best practices.
